School Superintendent W. Lander provided the Committee with a budget overview. He summarized it by stating it is a budget that the administration feels supports the academic, emotional and social needs of the kids of the Alton Central School and in doing so pushes our programming and education climate to the future and taking us to the next level. The budget reflects an \$85,590.00 increase over 2013. That excludes food service. This is a .67 percent increase. It does not include teacher's salaries because we are currently in negotiations with the teachers.

The Committee reviewed the budget overview, line items and asked questions.
